

RUMOR

Of A Double Elopement From This City

And That Parties Are Now In Arizona

The Women In The Case Are Married

There is a rumor in circulation that two young men of this city, who are very well known and two women, also of this city, eloped some time ago, leaving the city in a peculiar manner. It is said that about four weeks ago, the two couples decided to elope and after a while, decided upon a singular plan for leaving the city without causing suspicion. The two men, both of whom are married, are said to have secured horses and took a horseback ride, but did not return. They went to a neighboring town and boarded a train for Chicago, where they were supposed to meet the women, who were to follow a week later. It is supposed that the latter two missed connections somehow and did not show up at the appointed time and place so one of the men left a note at the hotel in Chicago, instructing the two women in the case to purchase tickets for Douglass, Arizona. As far as is known, they followed instructions and are now in Arizona. The wives of the two men are still supposed to be in the city, but no effort has been made by them to get track of their husbands.

DAIRYMEN

Will Fight Ohio Tuberculin Test

Geauga County Farmers Up In Arms

Chardon, Sept. 19.—Eleven cows have done more toward thoroughly arousing the farmers of Geauga county than anything else in years. The cows belong to Steve Silvernail of Chester. They were condemned as having tuberculosis by inspectors of Cleveland. State Veterinarian Paul Fisher of Columbus has now quarantined the herd.

These cows were said to have tuberculosis, after a test by Dr. Claude V. Case of Akron. Silvernail was notified that his cows would be killed Sept. 2, and was ordered to drive them to South Euclid on that day. On advice from dairymen throughout the county he refused to do this. Tuesday Inspector Baker came from Cleveland. He was met by about 100 dairymen and notified that he could not kill the cattle or drive them away.

Baker returned to Cleveland and that night telegraphed Silvernail that the milk from his other 11 cows could not be shipped into the city. Silvernail's total loss is \$9 a day.

Dr. C. V. Smend, state veterinarian of New York, is expected daily at the Silvernail farm. He will apply the New York state tuberculosis test, which is said to be more thorough, consisting of three different tests.

Silvernail has a modern dairy barn, as clean and sanitary as concrete and a good water supply can make it. He was dissatisfied with the test, as are all the dairymen of Geauga county.

Geauga County's dairy receipts are greater annually than the maple syrup revenue. It is one of the most important dairy counties in the state.

Dairymen have raised several hundred dollars to aid Silvernail in getting a square deal, and whatever amount is necessary will be forthcoming, they say.

The organization which dairymen have just formed is called the Geauga Dairymen's Defense Association, with the object to test the right of the state to slaughter supposedly diseased cattle. They plan to make a test case, and will begin suit to enjoin Ohio from enforcing the orders to kill Silvernail's cows or further interfere with his dairy.

MARTINSBURG GROUP OF PRESBYTERIAN CHURCHES

(By Rev. Ozro R. Newsom)
Martinsburg—We are hoping to raise money with which to put a furnace and basement under the Martinsburg church. More of this later.
The Presbyterians are glad to unite with the other three churches of the village in the new Federal Council of Martinsburg churches. At the invitation of this council, Dr. C. E. Bacon, District Secretary of the Federal Council of the Churches of Christ in America, will speak at a union meeting in the near future.

Bladensburg—A series of free lectures has been arranged for the people of Bladensburg. They are to be given under the joint auspices of the Disciple and Presbyterian churches. The first one will be Saturday evening, September 24th, by E. O. Randall, Reporter for the Supreme Court of Ohio. Professor Eno, of the State University, wrote us concerning him: "Professor E. O. Randall is one of the finest speakers in Columbus—a man who makes a business of after dinner speeches and who is full of humor and finely educated. He is in great demand and it may be a little difficult to secure him but he is worth going after."

The second lecture will be by A. B. Graham, at the head of the Department of Agricultural Extension, Columbus. He is the author of many of the Bulletins sent out by the Department.

An offering will be taken at the close of the lectures to pay expenses.

The first lecture by Professor E. O. Randall will be given in the Presbyterian church.

Rev. George Brown of Zanesville, District Helper under the superintendent of Ohio Home Missions, will begin special meetings in the Presbyterian church Sunday, October 29th. All are cordially invited. A special invitation is extended to the Disciple people to enjoy the meetings with us.

Millwood—The annual conference of the four churches of the Martinsburg group will be held at Millwood, probably Saturday, October 15th. The speaker from abroad will be the Hon. A. P. Sandies, of Columbus, well known throughout the state. The purpose of the conference is, however, chiefly for the discussion of our local problems and for better acquaintance among ourselves. A full program may appear later. We expect Mr. John Wilkinson to tell how the Millwood people got their furnace and basement. Mr. Allen Taylor will tell us how they manage their church finances in Bladensburg. Mr. Fred Freese will read a paper and represent the Martinsburg church. Miss Ethel Shaffer will report the Christian Endeavor Society of Mt. Pleasant—the only one in the group.

There will be others on the program with suggestive and helpful addresses by the Millwood people who will serve dinner in the new basement which will

be used for the first time on that day. A banner will be presented at the conference to the Sunday school reporting the best progress for the year. The Sunday school held its picnic in Mrs. Neff's woods lately.

Mt. Pleasant—The Christian Endeavor Society meets every Sunday evening and is well attended.

Two coats of white paint makes the church shine from its place on the hill. The church is attractive inside and out, and few country churches have so fine a view.

The Sunday school picnic was held in Mr. Harris words. Mr. Noah Carpenter is superintendent.

SUNDAY

Opens His Campaign At New Castle, Pa.

New Castle, Pa., Sept. 19.—An audience of more than 7,500 greeted Evangelist "Billy" Sunday yesterday morning in the temporary tabernacle here, when he opened his six weeks' evangelistic services. He was given a rousing reception when he stepped on the platform, the Chautauqua salute breaking forth spontaneously.

He preached for an hour in his rapid-fire style. Mr. Sunday has been ill this summer and suffered from hay fever, but the weather was cool and this did not apparently bother him. The city is deeply stirred and church workers hope for 10,000 conversions as a result of his labors here.

He preached three sermons yesterday, speaking at 2:30 o'clock in the afternoon and 7:30 o'clock at night, in addition to the morning sermon. All the churches have suspended services for his stay here, but hundreds of morning prayer meetings will be held in churches and private homes in the campaign.

SOME POINTERS

In Buying or Building Homes by the ad Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street Columbus, Ohio.

1. Buy or build within your means. Many people make the mistake of buying or building a home too expensive for their pocketbook. When the home costs them more than they really can afford, it frequently happens that they get into debt deeper and deeper, and eventually lose all. The happy family is the one living within their means and whose members save something each month. Such families soon pay for their homes. Our assets \$4,200,000.

DRUGGED

Was A Millersburg Man So He Claimed

A young man from Millersburg came to Mt. Vernon on the midnight C. & A. train Saturday night and upon his arrival here his actions made the police believe he was badly under the influence of liquor. Later the young man stated that he had been drugged in Millersburg and had no recollection of coming to Mt. Vernon. The young man's brother arrived here from Millersburg Sunday afternoon and returned with him Sunday night.

Many a man who forgets to water his horse doesn't forget to beer himself.
